Happy New Year from the Commodore

Jonathan Websdell

Happy New Year

Well here we are again another year over! There are lots of this coming up in the next few weeks so get those new diaries and smart phones out now. Normally at this time of year the cold weather has got to most of us but we have been enjoying the unseasonably warm weather as long as you can stand the rain! Wishing everyone great sailing in this New Year.

We are taking bookings for the Chinese supper at the Clubhouse on the 6th of February and the Annual Dinner Dance on the 12th of March. Personal finances can be tight over the Christmas period so we are happy to take names and numbers for now.

RYA Training Centre

2016 should bring our RYA training centre status into play and a boost to our profile and membership. Are you interested in supporting our training team? We are looking for people to become assistant instructors (AI) we plan to hold one training course in 2016 over 2 days so there won't be too great a demand on your time and many of us have been operating informally as AI's during our taste of sailing courses.

Dinghy Show

Are you interested in attending the Dinghy show, March 5-6th? If there are enough people interested in visiting we can possibly arrange some shared transport.

Trophy Return

Mike Stout

Would all last year's trophy winners please return their trophies to the clubhouse before the middle of January, to enable them to be engraved before the Presentation dinner at the beginning of March. Many thanks.

GP14 Captain

Ralph Webb

Just a heads up from the GP Captain...

If you are thinking of trailering your boat next season now is a good time to check your trailer bearings and get those hubs greased! (I have a new fully loaded grease gun if you want to take advantage!)also be sure to keep your tyres pumped up on both trailers and trollies it will help to stop the sidewalls splitting and avoid blowouts on the road!

Don't forget to store your sails at home (especially Spinnakers). We have our 'little furry friends' floating about and they do like a nibble on a spinnaker or two!

Happy New Year to one and all!
